

baVel Pay + Pax2pay

Working together to boost B2B payments in the travel industry

baVel Pay – Payment Manager

The baVel Payment Manager is a travel industry-specific B2B payment channel, which enables travel companies to seamlessly send payments to suppliers, taking advantage of an entire ecosystem of payment service providers featuring **multiple forms of payment through a single integration**.

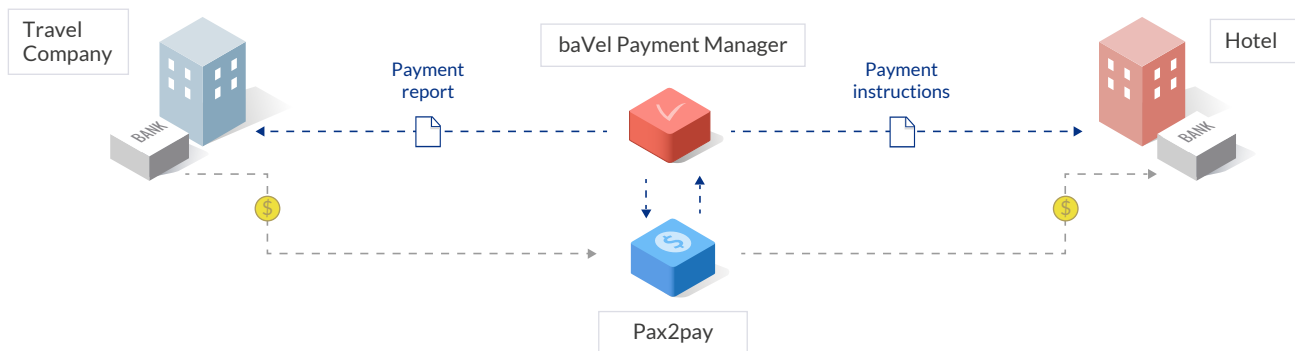

Pax2pay

Pax2pay provides both **Virtual Cards and Bank Transfers on the same platform** using the same funding accounts, providing vital meta-data on every transaction. All available **via a single API or from POMS** the advanced Pax2pay Online Management System. Pax2pay funding accounts are registered in the business entity same, resulting in funds remaining on the company balance sheet.

Pax2pay & baVel Payment Manager integration is live!

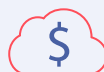

Travel companies can now use Pax2pay services through the baVel Payment Manager.

Benefits

Each travel company has its own funding account.
